

Our client, **Mima Films**, is a reputed industry leader in the field of pallet stretch wrapping technology. For over 30 years **Mima Films** has been a major innovator in stretch film technology and its applications in the transit packaging business for all industries in which pallet transport is part of the logistics chain. As part of the diversified and international **Signode Industrial Group** the company offers complete wrapping solutions : from testing and analyzing the customer's pallet to producing the most suitable wrapping film, recommending the appropriate packaging machines and providing excellent training, maintenance services and process inspection. **Mima Films** product development is integrated with its **Haloila (Octopus)** and **Mima Systems** pallet wrapping equipment divisions resulting in a harmonious evolution of film and machine that guarantees operational excellence. Recently the company has embarked on significant manufacturing investments which will keep the company at the forefront of development and innovation.

**Mima Films** has its headquarters in Luxembourg with manufacturing facilities in Belgium, Ireland and Bulgaria (for **Haloila**) together with an extensive European sales organization and service- & partner network. To strengthen the European Service Organization **Mima Films** has a challenging career opportunity available for a talented and motivated (M/F) :

## Field Technician – Paris & North of France

### Semi-Automated Wrapping Solutions

#### Your Mission :

- After a training period in **Haloila** Bulgaria and with the Mima OSS Technical Coordinator France you will be responsible for the installation, repairs and maintenance of semi-automated Rotating Arm Wrapping Machines (*Girotec & CobraX*) in the Paris region and in the North of France in the Logistics market-segment.
- Collaborating with the Logistics Sales Team and **Mima Films** Customer Service you will guarantee and improve customer satisfaction by providing technical assistance and troubleshooting by phone or by interventions on site.
- By diagnosing breakdowns and technical problems you will issue quotations for machine-repairs or -replacements.
- You will work closely together with **Haloila** Bulgaria and with the Technical Coordinator on technical issues..
- You will report directly to the Mima OSS Technical Coordinator France.

#### Your Profile :

- For this exciting and rewarding role we are looking for candidates with a technical qualification and a relevant experience as service and/or maintenance technician for semi-automated machines in an industrial environment.
- You are a dedicated and responsible person who shows a high degree of autonomy and flexibility.
- You are well organized and efficient and you have a thorough and methodic approach in dealing with and finding solutions for technical problems.
- You have a strong focus on customer satisfaction and you can demonstrate excellent communication skills.
- You are meticulous, disciplined and accurate in handling all job-related administration.
- You are fluent in French with a good practical command of English (verbal & written).
- *This position is field based and requires extensive traveling : 4 days/week in the North of France. and in the Paris region.*

#### Offer :

- **Mima Films** offers attractive long-term career opportunities in a professional and international work environment.
- You can look forward to a competitive compensation package with company car.
